

KU Leuven wants to contribute to the development of the personal and social responsibility of its students by offering them a broad range of activities. By participating in these activities, students can expand their social and professional competences. Students' participation also allows our university to sustain and expand its community and outreach activities.

With this at heart, KU Leuven wants to give **Zhiyuan Ma** her acknowledgement and appreciation for participating in:

**Member University Ensemble**

2024-2025

*Students partake in an university's ensemble as a singer, musician and/or board member.*

Luc Sels

Rector Catholic University of Leuven  
18 Jun 2025
